

# PACKAGED BOOSTER SYSTEMS

PREFABRICATED & FACTORY TESTED

3rd PARTY CERTIFIED - UL/ C-UL LISTED SYSTEMS

ASME SECTION 9 WELDING

SINGLE SOURCE RESPONSIBILITY

ASME CODE BLADDER TANKS

TOUCHSCREEN OPERATOR INTERFACE CONTROLLER - UL LABELED

STANDARDIZED & CUSTOM DESIGNS

*NSF61 Approved Systems Available*

## Cost-effective engineered booster systems for commercial, institutional, municipal, process and industrial applications.

### Packaged Booster Systems You Can Count On

#### Standard Features

- Simplex, Duplex, Triplex, Quadraplex Models
- 3rd Party UL/C-UL Labeled Systems
- ASME Section 9 Certified Welding
- UL Labeled Power & Control Panels
- Non-electric Over-temperature Protection

#### Pumps & Motors

- Close Coupled
- Flexible Coupled
- In-line

#### Headers\*

- Stainless Steel
- Type L Copper
- NSF-61 Epoxy Coated
- Fusion Bonded Coatings
- Galvanized

#### ASME Code Bladder Tanks,

- NSF-61 Approved Bladders

#### Tank Mountings

- Remote
- Adjacent
- Skid Mounted

#### Isolation Valves

- Butterfly
- Ball Valve

#### Factory Tested

#### Start-up & Field Training

#### Options

- Custom Designs & Configurations
- NSF-61 Approved Systems Available
- Certified Testing with x-y Test Reports
- Special Materials

\*Grooved ends are standard, flanged ends are optional.

## TIGERFLOW, Your expert source for engineered systems...

TIGERFLOW BOOSTER SYSTEMS provide critical advantages for system owners, designers and contractors. The complete TIGERFLOW system is factory built, tested and UL/C-UL third-party certified before shipment. That means the unit arrives on site meeting and/or exceeding all relevant industry standards, in addition to site performance specifications. Liability and performance risks are eliminated. System designers appreciate the time savings and TIGERFLOW expertise built into each project. Coordinated deliveries of third party certified systems make contractor performance penalties and delays inherent in site-built/site-certified systems a thing of the past.

Our promise to you...

Your TIGERFLOW factory engineered system will arrive ready to go and operate reliably to the required specifications, with the simplest of site installation.
